**Cell to Prevent Sexual Harassment of Women and Women’s Welfare Committee**

Cell to Prevent Sexual Harassment of Women’s Welfare Committee of Vidya Bharati Mahavidyalaya, Amravati, conducted a seminar on “Victimization of Women beneath cyberspace in Indian Upbringing” on 10<sup>th</sup> March 2022.

Dr. Prachi Kadu from Amravati, Assistant Professor, From Dr. Punjabrao Deshmukh College of law was the guest speaker for the seminar. She gave a talk on “Victimization of Women beneath cyberspace in Indian Upbringing”. Today cyber crime is a global phenomenon. With the advent of technology, cyber-crime and victimization of women are on the high and it poses as a major threat to the security of a person as a whole. Home was the safest place for a woman to protect herself from being victimized, but not now. Home is becoming equally dangerous place, prone to crime for them.. The increasing rate of cyber-crime against women has led to development of

insecurity within a woman. They don't feel safe anymore, anywhere. Its effects are worse on them and on the society as a whole, when we look into the broader picture. So in order to sensitize ourselves from this issue our today's topic revolves around cybercrime which is of course an illegal activity and need to be stopped and women need to be protected from it. She discussed various types of crimes going on today, along with the necessary steps to avoid and be aware against it. She also highlighted about the penalties and punishment regarding the same. At the end she gave some useful tips and when and where to approach in case we are a victim of cyber crime, so that we can avoid accidental damages. All this information was explained by resource person in a very simple language and few words. In this programme around 120 participants including professors and students had registered and participated.

Honorable Principal Madam Dr. P.S.Yenkar gave a Presidential Speech for the programme. She mentioned that with proper collaboration and coordination of Women welfare committee with various other functioning bodies, the cell has been working successfully for the overall protection and security of girl student and women in campus. She also felt very proud to say that Vidya Bharati is the only college in the region with 60% girl students taking admission every year signifying that the parents and students feel secure in this environment and students are at their comfort zone when they are in this campus. Dr. Pooja Dammani madam convener of Women Welfare Committee appreciated the efforts of everyone in the team and thanks the resource person for her time and accepting the invitation. She explained the privileges offered to the students in the campus wherein they have freedom of speech and reach to any member of the cell for counselling or filing any complaints. She gave blessings for the webinar, thanks the resource person and encouraged the team for good work and ended with a note of Let us live in the world free from stereotypes, discriminations and biasness and where actually differences is valued and celebrated.

The anchoring of the programme was done by Miss. Roshani Ahmed, Student member of the cell followed by vote of thanks where she appreciated the efforts of everyone in the team and thanks the resource person for her enlightening and knowledge sharing session, Principal Madam, Management, Committee Members, Volunteers, Technical team and the students. All the committee members Dr. Dhyaneswari Wankhade, Prof. Shital Mohod, Mrs. Yogita Dhote, Dr. Alka Vikhar along with technical guidance team Mr. Sandeep Gosavi had put their efforts for making the webinar a great success. The success of the program can also be credited to the students who came forward with relevant suggestions and queries regarding their misconceptions. For all the queries raised by the students, resource person gave them a satisfactory response and also encouraged them to always take help from the cell wherever necessary.

The meeting ended with the high-tea arrangement for the guests and committee members.
